

# Hat in the Cat: Hat-making classes

1-day classes and 3-day Millinery Schools

**Hat in the Cat** offers hat-making classes led by master milliner Jeanette Sendler:

- **One-day classes** are perfect for anyone wanting to try hat-making for the first time, or who would like to make their own personally designed hat for a special occasion.
- **Three-day millinery schools** allow more time for exploration and experimentation before you move on to make two hats.

All abilities are welcome to both types of class, but basic hand-sewing skills are essential.

We guarantee a small class size with lots of individual tuition to help you realise your design ideas. Jeanette will guide you step-by-step through the making process and you will be shown how to finish your hat to a high standard, including linings and trims.

Materials are provided for all classes. There is a wide range of fabrics and notions to choose from in the studio. Whichever class you attend, you will leave with at least one completed hat, finished to a high quality, and a new set of skills.
